

PSYNTHETIC PHONICS

27TH APRIL for teachers

Teachers will learn...

- to define and understand Synthetic Phonics
- the evidence base behind Synthetic Phonics
- phonics terminology and how to use it with your class
- how to plan Synthetic Phonics lessons as part of a comprehensive literacy program
- how to teach a Synthetic Phonics lesson using different pedagogies such as direct instruction, cooperative learning and individual learning
- how to differentiate instruction to meet the needs of different students
- how to assess, record and track student achievement

Schools will receive...

- Over 1000 classroom resources
- A draft school scope and sequence
- Over 20 powerpoint presentation lessons to get you started

Time: 9am to 4pm

Date: Wednesday 27th April

Venue: Japara House, Durham Rd, Kilsyth

Cost: Early-Bird - \$175 (pay before March 24th)

Regular - \$200 (pay after March 24th)

Presenter: Jo-Anne Dooner of Get Reading Right

Jo-Anne is one of New South Wales' leading literacy consultants. She is the co-founder of Get Reading Right and devised Get Right's Synthetic Phonics, comprehension, guided reading and spelling program.

She uses her 25 years of leadership and curriculum experience to coach leaders to lead literacy and improve outcomes for all students.

Jo-Anne is the author of numerous books about Synthetic Phonics and currently conducts training, demonstration lessons, coaching and mentoring across Australia.
